---

PROFESSIONAL EXPERIENCE

Independent Technology Sales Consultant – Remote **Jan 2025 – Present**
Advise and mentor technology sales professionals on enterprise prospecting, customer discovery, strategic account development, pipeline growth, solution positioning, and communicating technology value to executive and technical buyers across SaaS, cloud, cybersecurity, data, AI, and infrastructure markets.

SHI International | Colorado **Sep 2019 – May 2024**
Account Executive – *Public Sector*

Managed strategic state, local government, higher-education, and enterprise accounts across cloud, SaaS, cybersecurity, infrastructure, data, analytics, and professional services.

- Exceeded quota while growing Colorado public-sector revenue from $2.3M to $4.26M and building a $10M+ pipeline.
- Expanded strategic accounts through new stakeholders, adjacent use cases, partner engagement, and broader technology opportunities.
- Generated qualified pipeline through account research, executive outreach, referrals, procurement intelligence, and white-space development.

- Owned full-cycle opportunities from discovery through proposal, negotiation, procurement, close, implementation handoff, renewal, and expansion.
- Built trusted relationships with CIOs, CISOs, CTOs, IT leaders, procurement officials, and other stakeholders while coordinating OEM partners, engineers, and professional services teams around customer priorities and business outcomes.

PCS Mobile | Western United States **Feb 2018 – Jun 2019**
Area Sales Manager

Managed public-sector, public-safety, transportation, and enterprise accounts across a multi-state Western territory.

- Increased Colorado territory revenue by **250%** through new-account development, prospecting, partner engagement, demonstrations, and account expansion.
- Sold integrated mobile data, networking, secure connectivity, rugged computing, video management, software, and field-technology solutions.
- Developed solutions with Genetec, Panasonic, Cradlepoint, Verizon, and Sierra Wireless.
- Managed customer discovery, demonstrations, proposals, negotiations, procurement, and implementation planning.

FCN Inc. | Colorado / Rocky Mountain Region **May 2014 – Feb 2018**
Senior Account Executive

Managed public-sector, federal, and enterprise customers across cloud, software, cybersecurity, infrastructure, data, analytics, and professional services.

- Closed **multimillion-dollar modernization opportunities** across infrastructure, cloud, cybersecurity, software, data, and professional services.
- Generated new business through executive outreach, account research, partner campaigns, industry events, referrals, and strategic prospecting.
- Applied MEDDIC and consultative selling to complex, multi-stakeholder sales cycles.
- Managed opportunities from discovery through proposal, negotiation, contracting, implementation coordination, and expansion.

Zivaro (now Trace3) | Rocky Mountain Region **Jul 2010 – Nov 2013**
Regional Sales Manager

Led territory development and strategic account growth across public-sector and enterprise markets.

- Increased annual revenue by 58.7% through new-account development, cross-selling, and strategic account expansion.
- Built strategic account plans around customer priorities, executive relationships, white space, and competitive positioning.

- Partnered with Cisco, Palo Alto Networks, VMware, EMC, NetApp, and other OEMs to deliver integrated technology solutions.

SELECTED PUBLIC SECTOR ENGAGEMENTS

El Paso County – Infrastructure Resilience & Business Continuity
Won and led a $450,000 modernization engagement using Pure Storage, Veeam, and professional services to improve data protection, recovery, resilience, and operational continuity.

Colorado Department of Transportation – Cloud & Digital Modernization
Led the commercial sale and stakeholder coordination of a Google Cloud-based engineering platform, aligning technology, security, operations, procurement, partner, and implementation teams.

Colorado Department of Public Health & Environment – SaaS Analytics Modernization
Led the sales and implementation coordination of a secure cloud-based SaaS analytics solution that improved statewide reporting, information access, data sharing, and executive visibility.

Colorado Division of Motor Vehicles – SaaS Customer Experience & Analytics
Led the sale and deployment coordination of Medallia's cloud-based customer-experience platform with AI-driven sentiment analysis, contributing to an approximately 30% reduction in customer wait times.
